

GERMANY DECLARES WAR ON FRANCE AND BELGIUM

ASKS RIGHT TO ENTER BELGIUM

Germany Issues an Ultimatum.

MOBILIZING WITH ALL THEIR ENERGY

Nearly All European Powers Are Taking Steps to Join Big Conflict.

London, Aug. 4.—All the great European powers except Italy, and most of the secondary powers are mobilizing with all their energy. Mobilization has not yet reached a stage where any of the armies have met in battle.

Italy, which declared her neutrality, will begin to mobilize officially, although the process probably is well under way. Great Britain's mobilization is nearly completed, but she has not announced that she will join in the general war.

War officially exists between Austria and Germany on one side and Russia, Serbia and Montenegro on the other. There has been no official declaration of war between Germany and France on the other side, but the German ambassador in Paris received orders to demand his passports.

The most serious event in the last twenty-four hours was Germany's demand on Belgium, in the form of a twelve-hour ultimatum, that the German troops be permitted to cross Belgium to the French frontier, coupled with the promise that Belgian integrity should remain unimpaired at the end of the war and that Belgium should be compensated.

To this Belgium refused to accede on the ground of her rights and honor. Sir Edward Grey, the British secretary for foreign affairs, made a statement in the house of commons indicating that Great Britain's interests and obligation could not permit her to submit to the violation of Belgian territory. This practically left the decision as to whether Great Britain should make war to the public opinion.

English People Convinced.

The English people clearly are convinced that their honor and vital interests compel them to protect Belgium, France and the other nations which are their closest neighbors.

There was a report that Holland has been invaded through the province of Limburg. The people of the Dutch kingdom, resolved to go to any extremity, are said to be opening the dykes and flooding the country, which would make the passage of an army impossible.

The mobilization of the British naval reserves was completed, according to a statement issued by the admiralty. The mobilization of the army will begin at once. It includes regulars, reserves and territorials.

A proclamation has been issued authorizing the admiralty to requisition British vessels in home waters.

The Shipping Gazette has discontinued the publication of sailings from British and continental ports lest it give information to a possible enemy.

Field Marshal Lord Kitchener, who had been visiting England, started for Egypt aboard a channel steamer, but was summoned back to London. One report had it that he was to become minister of war.

Field Marshal French, who resigned on account of the Ulster complications, spent the day at the war office. It is expected that he will command the expeditionary force, if one is sent to help the Belgians protect their soil.

The closing of the banks until Thursday has worked a minor hardship which every one feels. Men who can sign their checks for thousands are pleading with friends to lend them a few shillings.

MOVING ON MEXICO CITY

General Carranza May Decide to Attack Capital.

Washington, Aug. 4.—Provisional President Carranza asked the American government informally if it knew the intentions of General Carranza, whose forces were said to be marching steadily southward, despite the understanding that with the beginning of peace conferences, hostilities should be suspended.

Jose Castellot, personal representative of Carranza, had a conference with Secretary Bryan, but the latter had no information from Carranza except that the Carranza delegates had arrived at his headquarters.

CZAR NICHOLAS.

Calls on Russians to Repulse German Attack.

DEVELOPMENTS IN EUROPE

Announcement of the definite policy of the British cabinet, which it was expected the prime minister would make in parliament, was postponed.

Sir Edward Grey, in the commons, reviewed the situation and although he used qualifying phrases his words were taken generally to mean that Great Britain is committed to war.

The German ambassador at Paris was ordered by the emperor to demand his passports.

The mobilization of most of the countries of Europe virtually has been completed. Holland has been invaded at Limburg by German troops.

Germany has issued a white book, justifying her action with respect to Russia, and at the same time German diplomats at London are using their utmost efforts to win Great Britain to a position of neutrality.

Few reports of actual military movements are being received, owing to the censorship.

FRENCH AGGRESSION BLAMED BY GERMANY

Statement Declares Attacks on Border Unwarranted.

Berlin, Aug. 4.—A further official communication regarding French acts of hostility against Germany was published here. It said:

"The German troops hitherto have obeyed the orders given by the German commanders not to cross the French frontier. French troops on the contrary have made several attacks on the frontier posts without any declaration of war having been made."

"The French have crossed the frontier at several places in spite of the fact that the French government a few days ago informed us that it would not infringe on the unoccupied zone of six miles from the frontier and companies of French troops have been in occupation of a number of German villages."

"French army aeroplanes have been flying over Baden and Bavaria and have violated Belgian neutrality by flying over Belgian territory into the province of the Rhine in an effort to destroy our railways."

"In this way France has opened the attack on us and has established a state of war which has compelled the German empire to take defensive measures for the security of its territory."

GERMANS INVADING POLAND

Brief Skirmish Occurs With Russian Force.

Berlin, Aug. 4.—The German border troops from Lublitz, Silesia, after a short skirmish with Russians, took possession of Czesochowa, Russian Poland.

Bendzin and Kalisz, Russian Poland, also have been occupied by the Germans.

Czesochowa is a city of 50,000 inhabitants situated on the River Waethe near the Silesian frontier. It is noted chiefly for its manufactures of woolen and cotton cloths and paper. A picture of the Virgin in a noted convent there attracts thousands of pilgrims annually.

Bendzin is a coal and zinc mining center. It has a reputation of slightly more than 20,000, about half of whom are Jews.

Kalisz is the capital of the province of the same name. It is the most westerly city of Russian Poland. Its population of 20,000 is engaged in various manufactures.

ENGLISH COMMONS VOTES WAR FUNDS

Special to The Dispatch:—

London, August 4, 3:05 P. M.—The House of Commons today voted \$525,000,000 for emergency purposes and passed several bills in five minutes without a dissenting voice.

GERMANY DECLARES WAR ON FRANCE

Special to The Dispatch:—

Berlin, August 4, 1:10 P. M.—Placing the responsibility for the break directly at France's door, Germany today formally declared war on her neighbor. The foreign office cites specific instances of the violation of the German frontier and states a number of instances where aviators from France entered German and dropped bombs on unprotected towns and says in conclusion that Germany has striven for peace, but has hampered at every move by French aggression.

GERMANY DECLARES WAR ON BELGIUM

Special to The Dispatch:—

London, August 4, 1:30 P. M.—It was officially announced at the foreign office that Germany has declared war on Belgium.

BRITISH ARMY IS MOBILIZED

Special to The Dispatch:—

London, August 4, 1:30 P. M.—Great Britain today sent a practical ultimatum to Germany demanding a satisfactory reply by midnight on the subject of Belgian neutrality.

The proclamation by King George commanding the mobilization of the British army was read today from the steps of the Royal stock exchange. A huge crowd cheered and sang the British national anthem.

ALL TELEGRAMS REFUSED

French Wire Traffic Delayed by War Messages.

Paris, Aug. 4.—All telegrams were refused at the postoffices in Paris for a period and it is assumed that the difficulties in the transmission of news and private dispatches will rapidly increase.

The concentration of the French troops in strategic positions along the frontiers and the operation of the military train service have been carried out to the complete satisfaction of the military authorities.

Russians Seize German Ship.

Novorossiysk, Russia, Aug. 4.—The Russian authorities here seized the German steamer Atlas and ordered the crew to disembark. They also sent vessels in pursuit of a German steamer which left the port the previous day.

RAILWAY STRIKE AVERTED

Roads and Employees Agree to Arbitrate Wage Dispute.

Washington, Aug. 4.—President Wilson's appeal to the patriotism of the Western railroad managers met with the response he expected and there will be no strike of their employees. Announcement of the acceptance of the plan of arbitration proposed by the federal board of mediation and conciliation was made after a short conference between the president and a committee of the railroad managers.

ENGLAND'S ATTITUDE DEVELOPS

Will Prevent Attack on French Coast.

DESIRES BRITAIN TO REMAIN NEUTRAL

Germany Wants John Bull to Hold Aloof From Continental War.

London, Aug. 4.—Great Britain has mobilized her forces and awaits events. She is not a belligerent power, nor is she a neutral one.

The government has given France assurance that the British fleet will not permit the German fleet to attack the French coast. It has not yet pledged itself to contribute an army to the continental war.

The British government regards with the deepest distrust Germany's violation of Belgium's neutrality, but makes no declaration as to whether it considers that measure provocation for war.

This pronouncement of government attitude—the result of two days' almost continuous deliberations—was made to the house of commons by Sir Edward Grey, secretary of state for foreign affairs. Therefore the trying hour of suspense for the British people is prolonged indefinitely.

Germany Urging Diplomacy.

Meanwhile the German embassy in London is exerting every effort of diplomacy to induce Great Britain to hold aloof from the conflict and to bring public opinion to Germany's side. The counsellor of the German embassy issued a strong appeal for the neutrality of Great Britain, asserting that Germany would agree to keep her fleet from attacking the northern and western coasts of France if England would pledge neutrality, and argued that England would gain more in the end by standing outside the European war and using her influence as mediator when the moment was ripe.

Referring to this suggestion the British foreign secretary said: "I only heard that shortly before I came to the house."

Grey Becomes Emphatic.

He raised his voice and rapped the table before him sharply, declaring: "But that is far too narrow an engagement."

Sir Edward Grey dispelled the shadows of doubt which flickered over the triple entente in the minds of Liberals by disposing some milestones in the history of the rapprochement, revealing it as essentially a national one with France, without definite obligations.

Finally, on the one tremendous vital question—a question upon the answer of which the British empire and the whole world are hanging—whether the government considers that Germany's policy compels Great Britain to wage war, the foreign secretary left an expression of doubt.

Conveys Hint to Germany.

That doubt may reflect the mind of a cabinet not wholly unanimous and the interpretation drawn by many is that Sir Edward Grey's speech to Germany was a hint that if she will keep her soldiers off Belgian soil and her battleships away from the coast of France that will be the price of Great Britain's armed neutrality.

The cabinet held a session during the recess and was escorted to and from the house by cheering crowds. The first outbreak of patriotic enthusiasm since the possibility arose of England becoming involved in the war occurred in London. Crowds of Englishmen and Frenchmen marched through the streets in the West End waving flags and singing the national anthem. When they reached Buckingham palace, in response to a great outburst of cheering, the king, queen and Princess Mary appeared on the balcony and bowed acknowledgment of the demonstration of loyalty.

To Meet Currency Demand.

New York, Aug. 4.—The clearing house, at a meeting, decided to issue clearing house certificates, to meet the currency situation brought about by the European war crisis.

No Naval Battle in North Sea.

Berlin, Aug. 4.—The report circulated in London that there had been a naval engagement in the North sea between British and German warships is untrue.

ADMIRAL MAHAN.

American Naval Authority Says England Must Fight.

SAYS BRITAIN MUST FIGHT

Noted American Naval Authority Gives His Opinion.

New York, Aug. 4.—Admiral Alfred T. Mahan, U. S. N., retired, authority on naval affairs, expressed the opinion at Quogue, L. I., that England must throw her fleet at once against Germany for the chief purpose of maintaining her own position as a world power. For England, he said, it was a question, if she remained out of the war, of sacrificing her empire in the next generation to the interest of this generation.

BILLION DOLLARS BECOMES AVAILABLE

Congress Acts to Relieve Financial Stringency.

Washington, Aug. 4.—More than a billion dollars in currency is to be added to the circulating medium in the United States by the action of congress to meet the situation resulting from the European crisis. This new money, backed by the prime assets of the banks, may be issued under a modification of the bank law, passed in both house and senate, then compromised in conference and approved by the administration for final action in both houses.

All national banks and all state banks and trust companies, members of the new federal reserve system and those which have agreed to join, may issue notes under the Aldrich-Vreeland section of the bank law up to 125 per cent of their combined capital and surplus.

There is approximately \$1,760,000,000 such capital and surplus upon which issue of notes may be based. Of that about \$800,000,000 invested in government bonds is not available.

SAY HEAD OF ENGLISH COUNCIL WILL RESIGN.

London, Aug. 4.—It is rumored that Viscount Morley of Blackburn, lord president of the council, contemplates resigning from the cabinet.

MONEY TO AID AMERICANS

Congress Grants President's Request to Furnish Funds.

Washington, Aug. 4.—Plans practically were completed for the care of Americans in war torn Europe.

Congress, at the request of President Wilson, appropriated \$250,000 and will grant more funds if desired. The appropriation will be used in caring for the immediate needs of Americans, especially those without means of obtaining any funds.

Americans who have letters of credit and travelers' checks or other forms of money credit will be assisted by American embassies in having them cashed. Instructions were issued to American diplomatic officers to offer "ambassadors' orders" in exchange for letters of credit, bank checks or money orders. Ambassadors Page in London and Herrick in France were asked to use their influence with the British and French governments to obtain gold to cash these embassy checks if necessary.

France and Germany Break.

Paris, Aug. 4.—Diplomatic relations of France and Germany formally have been broken off.

CALLS ON RUSSIANS TO FIGHT

Czar Nicholas Issues Manifesto.

BITTERLY SCORES GERMANY'S COURSE

Emperor Appeals to Nation to Lay Aside All Internal Discord.

St. Petersburg, Aug. 4.—Emperor Nicholas issued a manifesto in which he outlines the events leading up to the declaration of war by Germany and then says that "Russians will rise like one man and will repulse the insolent attack of the enemy." The text follows:

"By the grace of God we, Nicholas II., emperor and autocrat of all the Russias, king of Poland and Grand Duke of Finland, etc., to all our faithful subjects make known that Russia, related by faith and blood to the Slav people and faithful to her historical traditions, has never regarded her fates with indifference."

"But the fraternal sentiments of the Russian people for the Slavs have been awakened with perfect unanimity and extraordinary force in these past few days when Austria-Hungary knowingly addressed to Serbia claims unacceptable for an independent state."

Began to Shell Belgrade. "Having paid no attention to the pacific and conciliatory reply of the Serbian government and having rejected the benevolent intervention of Russia, Austria-Hungary made haste to proceed to an armed attack and began to bombard Belgrade, an open place."

"Forced by the situation thus created to take necessary measures of precaution we ordered the army and navy to be put on a war footing, at the same time using every endeavor to obtain a peaceful solution. Four parlers were begun amid friendly relations with Germany and her ally, Austria, for the blood and the property of our subjects were dear to us."

"Contrary to our hopes in our good neighborly relations of long date, and disregarding our assurances that the mobilization measures taken were in pursuance of no object hostile to her, Germany demanded their immediate cessation. Being rebuffed in this demand Germany suddenly declared war on Russia."

Servia Unjustly Attacked.

"Today it is not only the protection of a country related to us and unjustly attacked that must be accorded, but we must safeguard the honor, the dignity and the integrity of Russia and her position among the great nations."

"We believe unshakably that all our faithful subjects will rise with unanimity and devotion for the defense of Russian soil; that internal discord will be forgotten in this threatening hour; that the unity of the empire with his people will become still more close and that Russia, rising like one man, will repulse the insolent attack of the enemy."

"With a profound faith in the justice of our work and with a humble hope in omnipotent Providence in prayer, we call God's blessing on holy Russia and her valiant troops."

British Public for War.

London, Aug. 4.—There is absolutely no doubt that the sentiment of the British public is for war. The appeals of the pacifists get no hearing. Not one man in a hundred in London seemingly wants the nation to remain neutral. Germany, through her diplomats, has tried to keep Great Britain out by a virtual offer to refrain from using her navy against France as the price of Great Britain's neutrality.

LINER SLIPS OUT QUIETLY

German Ship Leaves New York With Cargo of Coal.

New York, Aug. 4.—Shipping quietly out of port, her superstructure painted gray, carrying 6,000 tons of coal and with no passengers on board, the German liner Kronprinz Wilhelm may be carrying fuel to a cruiser not far outside Sandy Hook. It is known the wireless station at Sayville, Long Island, has been working with a German war vessel, probably not many miles off shore, and said to be the cruiser Karlsruhe.

"But the fraternal sentiments of the Russian people for the Slavs have been awakened with perfect unanimity and extraordinary force in these past few days when Austria-Hungary knowingly addressed to Serbia claims unacceptable for an independent state.

Began to Shell Belgrade.

"Having paid no attention to the pacific and conciliatory reply of the Serbian government and having rejected the benevolent intervention of Russia, Austria-Hungary made haste to proceed to an armed attack and began to bombard Belgrade, an open place.

"Forced by the situation thus created to take necessary measures of precaution we ordered the army and navy to be put on a war footing, at the same time using every endeavor to obtain a peaceful solution. Four parties were begun amid friendly relations with Germany and her ally, Austria, for the blood and the property of our subjects were dear to us.

"Contrary to our hopes in our good neighborly relations of long date, and disregarding our assurances that the mobilization measures taken were in pursuance of no object hostile to her, Germany demanded their immediate cessation. Being rebuffed in this demand Germany suddenly declared war on Russia.

Serbia Unjustly Attacked.

"Today it is not only the protection of a country related to us and unjustly attacked that must be accorded, but we must safeguard the honor, the dignity and the integrity of Russia and her position among the great nations.

"We believe unshakably that all our faithful subjects will rise with unanimity and devotion for the defense of Russian soil; that internal discord will be forgotten in this threatening hour; that the unity of the emperor with his people will become still more close and that Russia, rising like one man, will repulse the insolent attack of the enemy.

"With a profound faith in the justice of our work and with a humble hope in omnipotent Providence in prayer, we call God's blessing on holy Russia and her valiant troops."

British Public for War.

London, Aug. 4.—There is absolutely no doubt that the sentiment of the British public is for war. The appeals of the pacifists get no hearing. Not one man in a hundred in London seemingly wants the nation to remain neutral. Germany, through her diplomats, has tried to keep Great Britain out by a virtual offer to refrain from using her navy against France as the price of Great Britain's neutrality.

LINER SLIPS OUT QUIETLY

German Ship Leaves New York With Cargo of Coal.

New York, Aug. 4.—Shipping quietly out of port, her superstructure painted gray, carrying 6,000 tons of coal and with no passengers on board, the German liner Kronprinz Wilhelm may be carrying coal to a cruiser not far outside Sandy Hook. It is known the wireless station at Sayville, Long Island, has been working with a German war vessel, probably not many miles off shore, and said to be the cruiser Karlsruhe.

Y. W. C. A. MEETING

Held at the First Congregational
Church on Monday Evening—
Large Attendance

A meeting of the Young Womens
Christian Association was held at the
First Congregational church on Mon-
day evening, August 3.

The meeting was called to order
by the president, opening with song
and prayer, followed by responsive
reading. The minutes of the preced-
ing meeting were read and approved.

Miss Sigrid Lind played a piano
solo which was followed by songs by
the choir. The Bible study in charge
of Miss Louise Anderson was followed
by songs and by a piano duet by Miss
Sigrid Lind and Miss Bertha Strick-
ler. Business matters were discussed.

A song by the choir and the closing
prayer was given after which the
meeting adjourned to meet again Au-
gust 10 at the Swedish Baptist
church. An invitation is extended to
all young ladies who are interested
in the Young Womens' Christian As-
sociation. Members are urged to be
present.

An excursion up the Mississippi
river is being planned for Friday, Au-
gust 16. The members may invite
one friend each.

Y. W. C. A. MEETING

Held at the First Congregational
Church on Monday Evening—
Large Attendance

A meeting of the Young Womens
Christian Association was held at the
First Congregational church on Mon-
day evening, August 3.

The meeting was called to order
by the president, opening with song
and prayer, followed by responsive
reading. The minutes of the preced-
ing meeting were read and approved.

Miss Sigrid Lind played a piano
solo which was followed by songs by
the choir. The Bible study in charge
of Miss Louise Anderson was followed
by songs and by a piano duet by Miss
Sigrid Lind and Miss Bertha Strick-
ler. Business matters were discussed.

A song by the choir and the closing
prayer was given after which the
meeting adjourned to meet again Au-
gust 10 at the Swedish Baptist
church. An invitation is extended to
all young ladies who are interested
in the Young Womens' Christian As-
sociation. Members are urged to be
present.

An excursion up the Mississippi
river is being planned for Friday, Au-
gust 16. The members may invite
one friend each.

CITY COUNCIL HAS A MEETING

Sewer Contract is Let to F. A. Glass, \$3.20 a Foot Laterals, \$3.67 District

A SALOON LICENSE GRANTED

Alderman Lagerquist Asked that the Road in West Brainerd be Repaired

All city fathers were present at the council meeting Monday evening.

Mayor R. A. Henning reported the resignation of James Cullen as a member of the library board and it was accepted by the council.

City Engineer C. D. Peacock gave his estimate on the cost of construction of lateral A-4, District No. 5 sewers in Northeast Brainerd.

Fire Chief McGinn reported that the fire department was short 1,000 feet of hose and the council ordered the purchase of that amount.

Reports of Chief of Police Quinn and Street Commissioner Paine were read and accepted. The total street work amounted to \$853.69. It cost \$8.75 to clean up after the carnival.

A liquor license was granted to Henry Theviot and Peter Remmel. Ordinance No. 264 establishing sewer district No. 6 was adopted.

A first reading was given the ordinance regulating the use of streets, avenues and alleys within the city by vehicles and imposing a tax for such use, the ordinance not to apply to steam or railway cars. There are five classes of conveyances: Class A, one horse vehicle, \$1; Class B, two horse or three horse vehicle, \$2; Class C, four horse vehicle, \$5; Class D, more than four horse vehicle, \$5; Class E, autos, motor bicycles and tricycles, \$5.

When the water and light board bill of \$175 fire hydrant rental came up, there was some talk of not allowing the bill. Alderman Betzold wanted to withhold the rental for fire hydrants in the third ward, claiming that section of the city was not getting service.

On an aye and nay vote to withhold that part of the hydrant rental until better service was established, the council voted 4 to 4. Aldermen Stallman, Smith, Hess and Peterson voting nay and Aldermen Anderson, Betzold, Haake and Gallupe aye, while Aldermen Lagerquist and Mahlum begged to be excused.

On the call for a second vote, Alderman Mahlum voted nay and the motion fell defeated 5 to 4.

The usual library bills were allowed, also the cement bill of Mahlum Lumber Co. for \$2,924.29 cement, volunteer firemen \$56.25, Park opera house rent \$50, fire department \$165, police department \$571.39, water and light board for material and current \$308.49 and \$196.95. The bill of Slipp-Gruenhausen Co. for \$76.93 was referred back to the purchasing committee.

A salesman for a wheel road drag talked of his line of goods and also an oil distributor. Neither was bought.

The chairman of the purchasing committee was told to attend the tax sale on August 10 and buy in the Hoffman property which is to be transferred to the Salvation Army, being lot 75, block 47, the Salvation Army lot to become part of the city hall site.

Alderman Haake reported on street needing repairs. There were holes in Kindred street near the East hotel. The Koering scales hole should be filled up. Bark near Lum park is to be used for filling holes in Northeast Brainerd. Alderman Anderson asked that the road to the Zakariasen farm be put in good shape. Pine street Southeast should be graded, said Alderman Anderson. Fifteenth, between Oak and Norwood, should be repaired.

In the name of the first ward, Crow Wing county and the state of Minnesota, Alderman Lagerquist asked that the railway crossing near the hospital in West Brainerd and the road from the bridge west be repaired. The first ward never asked much, but

it wanted this improvement made. Alderman Betzold said the sand pit on the south side should be fenced in.

It developed in the conversation that \$300 had been spent on 13th street last year.

F. H. Gruenhausen spoke of improving 13th street and the amount set aside for that purpose by the county. The city engineer was ordered to make a survey and to figure on the improvement from Oak street south a distance of one mile.

No settlement has yet been made with the Model Laundry company for crushed rock used.

There was some discussion regarding the settlement made with saloon men of unused license money returned. Alderman Mahlum held that a year was 365 days and that basis and not 30 days to the month should be used.

The sewer contract was awarded F. A. Glass who bid \$3.20 for laterals and \$3.67 for district sewers, \$75 for manholes and \$15 for lamp holes.

POLICE CAPTAIN ASSAULTED

Capt. N. W. Olson Has His Check Cut Open by One of Four Assaults Last Night

In reproving a number of young men and asking them to keep order, the four last night closed in on Capt. N. W. Olson at a point near the depot park across from the First National bank at about 11:30 in the evening, and attacked him.

One of them, who seems to have worn brass knuckles, struck Officer Olson a vicious blow and laid open his cheek, cutting him to the bone. Olson got the assistance of Officer Scott and both went to the park and to Gregory park but found no trace of the gang.

Mike Nibi, of the Olympia Candy Kitchen, has evolved some new hot weather drinks and these include the Bryan rickey, the Servian punch and the German fizz.

The Bryan rickey is made from grape juice, lemon juice with a dash of sugar and soda. It is a calm, peaceful, comforting drink and one that allays the dust.

The Servian punch is made of white grape juice and soda with a dash of Falcan flavor making it a picturesque drink.

The German fizz causes some commotion when made.

COMING GAMES

Brainerd to Play Walker Indians at Walker Wednesday—May Play at St. Cloud Sunday

The Brainerd baseball team plays the Walker Indians at Walker on Wednesday and it is needless to say the teams will draw the entire Business Men-Clerks picnic crowd and all the visitors in Walker.

Manager D. A. Peterson announces that negotiations are in progress for a game at St. Cloud with St. Cloud next Sunday. He will know definitely within a short time. St. Cloud has an A. No. 1 team, believed to be much better than Little Falls. Should Dretchko pitch, it would make it mighty interesting all around.

BOARD FINDS THE CHARGES BASELESS

Reprimands Commissioner Weidemann For His Charges Made Against Secretary Nelson

IN SOCIALIST PRESS COLUMN

Commissioner Weidemann said He Acted Hastily, Angry Because of Reed's Dismissal

The water and light board, at their last meeting, took up the communication from the secretary, Wm. Nelson, wherein he objected to allusions made of him by Commissioner Weidemann, and the board, after sifting the so-called charges of Commissioner Weidemann, exonerated the secretary and reprimanded Commissioner Weidemann, the latter stating he had acted hastily in the matter, angry because Supt. Reed had been dismissed.

The Nelson letter to the board follows:

Brainerd, Minn., July 22, 1914.
To the Water & Light Board,
City of Brainerd, Minn.
Gentlemen:

On July 17th, there appeared an article in the Brainerd Journal-Press socialist column, by A. A. Weidemann, member of the Water and Light Board, under the heading, "Caught With the Goods," which reflects upon the honesty of myself as secretary of this board and I feel that the matter should be thoroughly investigated by you and if found untrue that you exonerate me; but in case you find any of these charges true, I will willingly sever my connections with your department.

Mr. Weidemann charges that I tried to undermine Mr. Reed before the board; if that is true, it would have been necessary for me to have said something against Mr. Reed to some other member of the board beside Mr. Weidemann, which I deny having done and I request the other members of the board to clear or convict me of this charge.

Mr. Weidemann further charges that through a mistake in my books a charge of \$6.11 for electric lights for one month on property owned by Mr. Forsberg was made and that said charge should only have been \$1.50 and that Mr. Reed discovered the mistake while checking over my books in the morning before my arrival. The truth of the matter is this: The mistake was made by Mr. Reed in the meter book, controlled and under his sole supervision. Mr. Reed had charged the meter and failed to make the correction in the book. When Mr. Mack (the tenant) called to pay the bill, he objected to the charge and we told him that we would take the matter up with Mr. Reed; which we did. Mr. Reed informing us that the charge was correct. Later on I again called Mr. Reed's attention to the charge and was again advised that the charge was correct, with the final result that Mr. Reed discovered the mistake and corrected it in his own book.

Mr. Weidemann further charges that a phone, paid for by the city in my house, was ordered removed to Mr. Reed's residence. Records should show and you gentlemen know that this statement is absolutely false.

Mr. Weidemann further charges that I ordered a piano lamp for my own use and not being satisfied with it when it arrived, turned it back to the city as stock. This statement is also false, although there is a semblance of truth in as far as I may have said that if the lamp looked as good as the cut, I would keep it myself. I have made such remarks a number of times and fail to find wherein I have offended.

Mr. Weidemann further charges that great damage was done to the N. E. Brainerd fill through my negligence in not ordering 400 feet of pipe, for which he claims a requisition was made by Mr. Reed. Mr. Weidemann is aware of the fact that no purchases in excess of \$500 can be made by the board, without authority from the city council and no instructions were ever given to obtain said authority and the matter at that time could not be considered an emergency; but even if the pipe had been on the ground at the time of the break, it would not have altered the conditions, as it takes considerable more than 400 feet to make the connections.

All the above alleged charges of Mr. Weidemann, dates back of the meeting whereat Mr. Weidemann so heartily seconded the motion to re-employ me for another year, but which he withdrew when the possibility of Mr. Reed's dismissal came up, and it is very apparent to me, that in keeping with that part of the state platform of the socialist party wherein they agree to show preference to their own party, that Mr. Weidemann is one of the extremists who would discredit the honesty of anyone not a socialist, for one of his own party.

Respectfully,

WM. NELSON,

Secretary Water & Light Board.
After reading the communication at the board meeting, President Dunn called on Henry Roberts and John Anderson, both employees of the electric light department and questioned them as to Mr. Reed's ability while in the employ of the city. Mr. Dunn asked if either had ever

been approached by him regarding Mr. Reed until this meeting.

Both denied having been asked anything by Mr. Dunn or any other member of the board in regard to Mr. Reed prior to this meeting.

Mr. Roberts was questioned as to whose duty it was to correct the meter reading books and Mr. Anderson questioned as to outside work. Both Commissioners Dunn and Rowley corroborated the secretary's statement that neither had been approached by the secretary in regard to the dismissal of the superintendent.

Each accusation was taken up separately and after the investigation Commissioner Weidemann was asked to apologize. Mr. Weidemann stated that up to the time of Mr. Reed's dismissal he had been used fair; but when the superintendent was dismissed he had served warning that he "split" with the board, and admitted that he acted hastily in this matter because he was angry at the dismissal of Mr. Reed.

The following motion was then passed: "That after careful investigation Mr. Weidemann's admissions that he acted hastily, the board finds the charges absolutely false and we exonerate the secretary from any of the charges and further that Mr. Weidemann be severely censured for the great injustice done the secretary of this department."

The regular monthly requisition was allowed. A petition for water main on Oak street between Fourth and Fifth streets, which was referred to Commissioner Weidemann at a previous meeting, was returned with favorable recommendation. On motion of Commissioners Weidemann and Rowley the main was ordered laid.

Returning the train leaves Walker at 9:00 P. M., Hackensack 9:30, Backus 9:45, Pine River 10:05, Jenkins 10:18, Pequot 10:25, Nisswa 10:40, Hubert 10:45, Merrifield 10:55, arriving at Brainerd 11:15.

In his instructions to agents Mr. Gemmell has said: "Agents will sell tickets for this train at the regular tariff rate. There may be some passengers getting on at intermediate points, but the bulk of the business will be from Brainerd and the Brainerd agent is requested to have his ticket agent on hand early Wednesday morning to sell round trip tickets at double the one way rate Brainerd to Walker."

The Brainerd baseball team and the Brainerd City band of 22 pieces accompany the excursionists. Many of the picnicers are taking their bathing suits along.

Many of the summer residents along the M. & I. will join the picnic party. When the train arrives at Merrifield a new and original stunt will be pulled off which will be a surprise all along the line.

The race between the M. & I. train and the motor boat is attracting attention and bets are being made that the M. & I. train may be second in the race. The track has quite a few curves while the path in the water is a straight shoot.

At Walker the program will be as follows:

9:15 A. M.—Race from Shingobee to Walker, between excursion train and Capt. Wright's motorboat. "Fearnot."

9:30 to 11:30—Excursions on lake, band concerts by Walker and Brainerd bands, bathing, big Indian dance at the Indian village near city dock. 11:30 to 1:30 P. M.—Dinner. 2:00—Baseball, Walker vs Brainerd.

4:00 to 5:30—Athletic sports on Fifth St., under supervision of Brainerd committee.

7:00—Water sports at city dock for liberal prizes. Canoe bout, squaw canoe races, 100 yard swimming race, diving contest, etc. The Walker committee offers special prizes of \$5, \$3 and \$1 for an obstruction swimming race.

7:45—Dancing at opera house. Captain Wright has offered his spacious lawn for those bringing picnic dinners.

Ladies rest rooms provided at Chase and Lake View hotels. Dressing rooms for bathers provided. Bring your bathing suits. Keep this program.

SOCIALISTS MAKE APPEAL

Address a Telegram to President Wilson That Embargo Be Declared on Wheat Shipments

THEY STATE THEIR REASONS

Say it Would Prolong the War and Create Famine Prices for Food in America

The following resolution adopted unanimously at a street meeting by citizens in Brainerd, by the socialist local of Brainerd and by the women's committee of the Brainerd local of the socialist party, has been embodied in a telegram and sent to President Woodrow Wilson, as follows:

To His Excellency, Honorable T. Woodrow Wilson, President of the United States, Washington, D. C.

You are credited in newspaper despatches with appealing to the patriotism of the railroad workers and employers of the western railways, to avoid a strike in the face of a European war, and the consequential paralysis of crop moving.

The moving of crops in America to supply the armies of Europe, which have been hurled at each others throats by the madness of toppling capitalism, is the very means of prolonging the wholesale slaughter of the working class.

It will benefit only a small group of human vultures in American and Europe, who are pleased to call themselves "respectable" business men and "patriotic" citizens. We, the Socialists of Brainerd, Minnesota, protest against any encouragement of this plan of capitalism which aims solely for profits. We stand ready to enforce our protest by supporting the railroad men in refusing to haul train loads of wheat to the sea board, thus bringing to a speedy end the carnival of blood letting and misery in Europe, the burden and expense of which must fall upon the working class of the world. We feel that your contemplated action in encouraging wheat shipments will prolong the war, the benefit of which will accrue only to a small group of money-mad maniacs whose holy ikon is the dollar mark. The exportation of wheat will create famine and famine prices in America. We protest against this brand of "patriotism," and demand that you use your power to declare an embargo upon the shipment of grain and other food stuffs to Europe during this war, thus quickly ending the war. We ask this in the name of humanity.

CITY COUNCIL HAS A MEETING

Sewer Contract is Let to E. A. Gliss, \$3.20 a Foot Laterals, \$3.67

District

A SALOON LICENSE GRANTED

Alderman Lagerquist Asked that the Road in West Brainerd be Repaired

All city fathers were present at the council meeting Monday evening.

Mayor R. A. Hennings reported the resignation of James Cullen as a member of the library board and it was accepted by the council.

City Engineer C. D. Peacock gave his estimate on the cost of construction of lateral A-4, district No. 5 sewers in Northeast Brainerd.

Fire Chief McGinn reported that the fire department was short 1,000 feet of hose and the council ordered the purchase of that amount.

Reports of Chief of Police Quinn and Street Commissioner Paine were read and accepted. The total street work amounted to \$853.69. It cost \$8.75 to clean up after the carnival.

A liquor license was granted to Henry Theviot and Peter Remmel. Ordinance No. 264 establishing sewer district No. 6 was adopted.

A first reading was given the ordinance regulating the use of streets, avenues and alleys within the city by vehicles and imposing a tax for such use, the ordinance not to apply to steam or railway cars. There are five classes of conveyances: Class A, one horse vehicle, \$1; Class B, two horse or three horse vehicle, \$2; Class C, four horse vehicle, \$5; Class D, more than four horse vehicle, \$5; Class E, autos, motor bicycles and tricycles, \$5.

When the water and light board bill of \$175 fire hydrant rental came up, there was some talk of not allowing the bill. Alderman Betzold wanted to withhold the rental for fire hydrants in the third ward, claiming that section of the city was not getting service.

On an aye and nay vote to withhold that part of the hydrant rental until better service was established, the council voted 4 to 4. Aldermen Stallman, Smith, Hess and Peterson voting nay and Aldermen Anderson, Betzold, Haake and Gallupe aye, while Aldermen Lagerquist and Mahlum begged to be excused.

On the call for a second vote, Alderman Mahlum voted nay and the motion fell defeated 5 to 4.

The usual library bills were allowed, also the cement bill of Mahlum Lumber Co. for \$2,924.29 cement, volunteer firemen \$56.25, Park opera house rent \$50, fire department \$165, police department \$571.39, water and light board for material and current \$308.49 and \$196.95. The bill of Slipp-Gruenhausen Co. for \$76.93 was referred back to the purchasing committee.

A salesman for a wheel road drag talked of his line of goods and also an oil distributor. Neither was bought.

The chairman of the purchasing committee was told to attend the tax sale on August 10 and buy in the Hoffman property which is to be transferred to the Salvation Army, being lot 75, block 47, the Salvation Army lot to become part of the city hall site.

Alderman Haake reported on street needing repairs. There were holes in Kindred street near the East hotel. The Koering scales hole should be filled up. Bark near Lum park is to be used for filling holes in Northeast Brainerd. Alderman Anderson asked that the road to the Zakariasen farm be put in good shape. Pine street Southeast should be graded, said Alderman Anderson. Fifteenth, between Oak and Norwood, should be repaired.

In the name of the first ward, Crow Wing county and the state of Minnesota, Alderman Lagerquist asked that the railway crossing near the hospital in West Brainerd and the road from the bridge west be repaired. The first ward never asked much, but

it wanted this improvement made. Alderman Betzold said the sand pit on the south side should be fenced in.

It developed in the conversation that \$300 had been spent on 13th street last year.

F. H. Gruenhausen spoke of improving 13th street and the amount set aside for that purpose by the county. The city engineer was ordered to make a survey and to figure on the improvement from Oak street south a distance of one mile.

No settlement has yet been made with the Model Laundry company for crushed rock used.

There was some discussion regarding the settlement made with saloon men of unused license money returned. Alderman Mahlum held that a year was 365 days and that basis and not 30 days to the month should be used.

The sewer contract was awarded F. A. Glass who bid \$3.20 for laterals and \$3.67 for district sewers, \$75 for manholes and \$15 for lamp holes.

BOARD FINDS THE CHARGES BASELESS

Reprimands Commissioner Weidemann For His Charges Made Against Secretary Nelson

IN SOCIALIST PRESS COLUMN

Commissioner Weidemann said He Acted Hastily, Angry Because of Reed's Dismissal

The water and light board, at their last meeting, took up the communication from the secretary, Wm. Nelson, wherein he objected to allusions made of him by Commissioner Weidemann, and the board, after sifting the so-called charges of Commissioner Weidemann, exonerated the secretary and reprimanded Commissioner Weidemann, the latter stating he had acted hastily in the matter, angry because Supt. Reed had been dismissed.

The Nelson letter to the board follows:

Brainerd, Minn., July 22, 1914. To the Water & Light Board, City of Brainerd, Minn. Gentlemen:

On July 17th, there appeared an article in the Brainerd Journal-Press socialist column, by A. A. Weidemann, member of the Water and Light Board, under the heading, "Caught With the Goods," which reflects upon the honesty of myself as secretary of this board and I feel that the matter should be thoroughly investigated by you and if found untrue that you exonerate me; but in case you find any of these charges true, I will willingly sever my connections with your department.

Mr. Weidemann charges that I tried to undermine Mr. Reed before the board; if that is true, it would have been necessary for me to have said something against Mr. Reed to some other member of the board beside Mr. Weidemann, which I deny having done and I request the other members of the board to clear or convict me of this charge.

Mr. Weidemann further charges that through a mistake in my books a charge of \$6.11 for electric lights for one month on property owned by Mr. Forsberg was made and that said charge should only have been \$1.50 and that Mr. Reed discovered the mistake while checking over my books in the morning before my arrival. The truth of the matter is this: The mistake was made by Mr. Reed in the meter book, controlled and under his sole supervision. Mr. Reed had changed the meter and failed to make the correction in the book.

When Mr. Mack (the tenant) called to pay the bill, he objected to the charge and we told him that we would take the matter up with Mr. Reed; which we did. Mr. Reed informing us that the charge was correct. Later on I again called Mr. Reed's attention to the charge and was again advised that the charge was correct, (with the final result that Mr. Reed discovered the mistake and corrected it in his own book.

Mr. Weidemann further charges that a phone, paid for by the city in my house, was ordered removed to Mr. Reed's residence. Records should show and you gentlemen know that this statement is absolutely false.

Mr. Weidemann further charges that I ordered a piano lamp for my own use and not being satisfied with it when it arrived, turned it back to the city as stock. This statement is also false, although there is a semblance of truth in as far as I may have said that if the lamp looked as good as the cut, I would keep it myself. I have made such remarks a number of times and fail to find wherein I have offended.

Mr. Weidemann further charges that great damage was done to the N. E. Brainerd fill through my negligence in not ordering 400 feet of pipe, for which he claims a requisition was made by Mr. Reed. Mr. Weidemann is aware of the fact that no purchases in excess of \$500 can be made by the board, without authority from the city council and no instructions were ever given to obtain said authority and the matter at that time could not be considered an emergency; but even if the pipe had been on the ground at the time of the break, it would not have altered the conditions, as it takes considerable more than 400 feet to make the connections.

All the above alleged charges of Mr. Weidemann, dates back of the meeting wherein Mr. Weidemann so heartily seconded the motion to re-employ me for another year, but which he withdrew when the possibility of Mr. Reed's dismissal came up, and it is very apparent to me, that in keeping with that part of the state platform of the socialist party wherein they agree to show preference to their own party, that Mr. Weidemann is one of the extremists who would discredit the honesty of anyone not a socialist, for one of his own party.

Respectfully, WM. NELSON, Secretary Water & Light Board.

After reading the communication at the board meeting, President Dunn called on Henry Roberts and John Anderson, both employees of the electric light department and questioned them as to Mr. Reed's ability while in the employ of the city.

Mr. Dunn asked if either had ever

been approached by him regarding Mr. Reed until this meeting.

Both denied having been asked anything by Mr. Dunn or any other member of the board in regard to Mr. Reed prior to this meeting.

Mr. Roberts was questioned as to whose duty it was to correct the meter reading books and Mr. Anderson questioned as to outside work. Both Commissioners Dunn and Rowley corroborated the secretary's statement that neither had been approached by the secretary in regard to the dismissal of the superintendent.

Each accusation was taken up separately and after the investigation Commissioner Weidemann was asked to apologize. Mr. Weidemann stated that up to the time of Mr. Reed's dismissal he had been used fair; but when the superintendent was dismissed he had served warning that he "split" with the board, and admitted that he acted hastily in this matter because he was angry at the dismissal of Mr. Reed.

The following motion was then passed, "That after careful investigation Mr. Weidemann's admissions that he acted hastily, the board finds the charges absolutely false and we exonerate the secretary from any of the charges and further that Mr. Weidemann be severely censured for the great injustice done the secretary of this department."

SOCIALISTS MAKE APPEAL

Address a Telegram to President Wilson That Embargo Be Declared on Wheat Shipments

THEY STATE THEIR REASONS

Say it Would Prolong the War and Create Famine Prices for Food in America

The following resolution adopted unanimously at a street meeting by citizens in Brainerd, by the socialist local of Brainerd and by the women's committee of the Brainerd local of the socialist party, has been embodied in a telegram and sent to President Woodrow Wilson, as follows:

To His Excellency, Honorable T. Woodrow Wilson, President of the United States, Washington, D. C.

You are credited in newspaper despatches with appealing to the patriotism of the railroad workers and employers of the western railroads, to avoid a strike in the face of a European war, and the consequential paralysis of crop moving.

The moving of crops in America to supply the armies of Europe, which have been hurled at each others throats by the madness of toppling capitalism, is the very means of prolonging the wholesale slaughter of the working class.

It will benefit only a small group of human vultures in American and Europe, who are pleased to call themselves "respectable" business men and "patriotic" citizens. We, the Socialists of Brainerd, Minnesota, protest against any encouragement of this plan of capitalism which aims solely for profits. We stand ready to enforce our protest by supporting the railroad men in refusing to haul train loads of wheat to the sea board, thus bringing to a speedy end the carnival of blood letting and misery in Europe, the burden and expense of which must fall upon the working class of the world. We feel that your contemplated action in encouraging wheat shipments will prolong the war, the benefit of which will accrue only to a small group of money-mad maniacs whose holy ikon is the dollar mark. The exportation of wheat will create famine and famine prices in America. We protest against this brand of "patriotism," and demand that you use your power to declare an embargo upon the shipment of grain and other food stuffs to Europe during this war, thus quickly ending the war. We ask this in the name of humanity.

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not head work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with

GET steady tobacco satisfaction—all day, every day, from a clean, small chew.

"Right-Cut" is the Real Tobacco Chew. Made of pure, sappy, full-bodied tobacco—seasoned and sweetened just enough.

It's glad news that a man can't help telling his friends about as soon as he learns the facts himself.

The taste lasts longer. You use less tobacco.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shreds so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

Your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.

General Dam Bill Debated at Length in Congress.

IS AN IMPORTANT MEASURE

Politics Not Injected in Discussions, but Matter Is Being Settled on Its Merits—Peace Men, Devoting Attention to United States, Seem to Be Working in the Wrong Place.

By ARTHUR W. DUNN.

Washington, Aug. 4.—[Special.]—Conservation figures largely in the bill that has been so long under discussion in the house of representatives known as the general dam act. The bitter fight which has been made against the measure in the house and by men who are representing ultra conservation interests outside of congress, indicates that it will have a hard time in the senate.

This bill is known as one of the first conservation measures, but the real conservationist insists that it does not follow the ideas of former President Roosevelt or former President Taft, nor any of the men who have been anxious to preserve the national resources of the country for the benefit of all the people. However, there is a disagreement on this topic, and many of the best men in congress have been supporting the general dam bill.

Keeping Down to Business.

One fact about the general dam bill is that the discussion has been almost entirely upon the bill itself with few political subjects being introduced. Usually the debate runs upon all sorts of things, but the interest which the members of congress have in the subject of conservation and in the possibilities of water power and its future development have kept them strictly to the business in hand, which is a rather rare condition in the house.

Working in the Wrong Place.

"The peace men have been working in the wrong place," remarked an army officer, referring to war conditions throughout the world. "They have been directing their efforts to the prevention of peace in the United States when we have no warlike tendencies. They have been endeavoring to prevent the increase of the army and navy and are opposed to the general plans which are conceded by experts to be for the defense of the country. All this seems wasted effort in view of what is going on in Europe, what is taking place in Mexico and in the islands of the Caribbean sea. These peace people ought to give their attention to the regions that are warlike."

"Let George Do It."

Those who have watched the probable demise of the river and harbor bill recall that at the time Senator Tom Carter talked it to death the bill was in charge of Senator Nelson of Minnesota, although Senator Frye was chairman of the committee on commerce. This year the bill is in charge of Senator Simmons of North Carolina, although Senator Clarke of Arkansas is chairman of the committee. Speaking of the probable defeat of the bill, one of the humorously inclined correspondents remarked that in a case of this kind there seems to be a disposition to "let George do it" or for the chairman to allow somebody else to take the responsibility.

An Old Adage.

There has been quite a long discussion over the subject of using government property for private purposes, all on account of the charge that Secretary McAdoo had used a revenue cutter for a pleasure trip. Words had been flung back and forth by Fitzgerald of New York and Good of Iowa until finally Jerry Donovan of Connecticut broke in with a request for unanimous consent. Speaker Clark asked him what it was he wanted, and he replied that he wanted the time to "address the house for ten minutes on the subject that people who live in glass houses, and mighty thin glass at that, had better be conspicuous by keeping quiet."

Trying to Locate It.

"Two bills on the subject of trusts and corporations have been submitted," said Senator Borah of Idaho, "and I think there is another in the chairman's hip pocket ready to be reported out any hour."

"Where is the chairman's hip pocket?" asked Thomas of Colorado.

"I think he took it with him," responded Borah.

Subsequently Senator Newlands came in and pulled the bill from some pocket and reported it to the senate. That body then had the three administration trust bills before it.

Pushes Things Along.

Senator Martin of Virginia is a man who does not want to dally with appropriation bills or conference reports upon them. As soon as he gets a conference report ready he wants to push it through. It is with great regret that he will even allow it to go over for a day at the request of any senator. "If there is any item in the bill that any senator wants explained I will explain it," the Virginia senator always says in his efforts to push the measure through. As a result of his efforts most of the bills in the senate have been disposed of quickly.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Dr. J. Cheney & Co., Toledo, Ohio, is the only place where a cure can be had. It is taken internally in doses from 1 drop to a teaspoonful. It acts directly on the blood and offers one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, P. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Dr. J. Cheney's Pills for constipation.

He Dazed Lew Wallace.

Shortly after the first success of "Ben-Hur" Lew Wallace had occasion to go over to London and one day picked up a pirated copy of the novel at a railroad newsstand. To his amazement he found the subtitle left off, a preface interpolated and one of the chapters rewritten. Of course he boiled with rage, and as soon as possible he called on the publisher. That gentleman coolly admitted his crime and told Wallace he thought the amended form better adapted to the British taste, don't know. His rail was so stupendous that the novelist was awed and went away without spilling his gore.
